# **FLOORCARE PRODUCTS**

- Our range of Soilex Floor Chemicals are formulated to clean and care for all types of floors. It is effective for polished floors, wooden, marble, sandstone, terrazzo, ceramic, porcelain, granite and rustic tile floors.
- The Floor care range compromises of cleaners, finishers, maintainers and strippers.

# FLOOR CLEANERS

- **SOILEX SUPWASH** - a general purpose detergent containing surface active ingredients, stabilizers and dirt suspending agents. It can be used on floors, car bodies, dish washing (hands), walls and doors.
- **EXCON** - a highly concentrated neutralized dish/utensil washing and general purpose cleaner. It penetrates, emulsifies and suspends fats and oils.
- **FLOREX** - a free flowing washing powder suitable for degreasing floors.
- **SUPA CLEAN**- a concentrated alkaline general purpose industrial product that can be used on greasy floors, engines, fat fryers, oven vents and canopies.
- **FLOKLIN** - a mildly alkaline free flowing powder that removes soil from floors, including grease and oily spots.
- **FLOCHOR** – a sanitizer used for floors, walls, doors and working surfaces.

- **SOL DESCALER** – strong acidic product used for removing rust and grease on metallic surfaces.
- **SOILUBE** - a clear thick viscous industrial product.

## **STRIPPERS**

- **SOL STRIPPER** - an effective product used for the removal of all emulsion floor polish.
- **SOLVENT CLEANER** - a heavy duty solvent wax stripper for all types of solvent polishes on wood and wooden surfaces.

## **FINISHERS / POLISHES**

- **SOILEX WOOD WAX** - a heavy duty liquid cleaning and polishing wax, recommended for use on wooden floor. If used and buffed regularly it increases the life span of a wooden floor.
- **SOL EMULSION POLISH** - a high solid, self shining polish metallized to give a long lasting high gloss effect.

## **MAINTAINERS**

- **SOL MAINTAINER** – cleans floors and maintains gloss longer, giving all emulsion finished floors a shine.
