HOUSEKEEPING PRODUCTS

- Soilex Housekeeping Chemicals are produced using quality raw materials to ensure their precision and functionality.
- The Housekeeping range comprises of degreasers, floor cleaners, multi-purpose detergents, specialty products, washroom and window cleaners.

FLOOR CLEANERS

- **SOILEX SUPWASH** - a general purpose detergent containing surface active ingredients, stabilizers and dirt suspending agents. It can be used on floors, car bodies, dish washing (hands), walls and doors.
- **EXCON** - a highly concentrated neutralized dish/utensil washing and general purpose cleaner. It penetrates, emulsifies and suspends fats and oils.
- **FLOREX** - a free flowing washing powder suitable for degreasing floors.
- **SUPA CLEAN**- a concentrated alkaline general purpose industrial product that can be used on greasy floors, engines, fat fryers, oven vents and canopies.
- **SUPA CLEAN E** – a concentrated alkaline general purpose industrial product for greasy, oily surfaces. Completely miscible in water.
- **FLOKLIN** - a mildly alkaline free flowing powder that removes soil from floors, including grease and oily spots.
- **FLOCHOR** – a sanitizer used for floors, walls, doors and working surfaces.

DRAINEX CLEANERS

- **DRAINEX P** - a highly alkaline product using for reclaiming pit latrines.

CARPET CLEANERS

- **CARPET & UPHOLSTERY SHAMPOO** - contains surface active ingredients, nonionic solvents, foam stabilizers and a perfume.
- **CARPET & UPHOLSTERY EXTRACTION CLEANER**- used for extraction of soil / dirt in carpets, upholstery, drapery and panels.

WINDOW CLEANERS

- **WINDEX** - a solvent based perfumed product for glass and window cleaning.

STAIN REMOVERS

- **TBX** - a concentrated acidic cleaner with detergency to be used for toilet, bathroom and ceramic tile cleaning.
- **TBX - L** - a concentrated acidic cleaner with detergency and descaling properties used to clean toilets, bathrooms as well as ceramic and terrazzo cleaning.
- **SUPA SCOURING POWDER**- a slightly alkaline powder with excellent degreasing & wetting properties. It contains a germicidal bleach to kill germs, remove stains and disinfect the area. It has a neutralized anionic surface active agent which is highly biodegradable.

CLEANING & WASHROOM DISINFECTANTS

- **SOL DISINFECTANT (PINE)** - a powerful liquid disinfectant which can be used for floors, hospitals, washrooms and other related areas.
- **SOL ANTISPECTIC DISINFECTANT** - a phenolic heavy duty disinfectant with a wide range of bacterial kill. It also removes stains on application.
- **BAKLIN** - a concentrated disinfecting deodorizing detergent for washroom & toilets.
- **4-D TOILET CLEANER**- cleans, disinfects, deodorizers descales urinals and toilet bowls.

HAND & BODY CARE

- **SOL CREAM / SOL CREAM L**- is a hand cream for washing hands. It is pleasantly perfumed and produces copious foam.
- **SOL CREAM D** - a non perfumed viscous hand cream for hand washing. It is suitable for food areas and friendly to the hand and skin.
- **SOILEX TERMINAL DISINFECTANT** - a colourless alcohol based disinfectant with bactericides.
- **SOL BATH** - a pleasantly perfumed viscous product used for body washing.
- **SOL GEL** – a neutral yellow gel for oil and grease removal from hands.
- **SHOWER GEL**
- **LOTION**
- **HAIR SHAMPOO** - a viscous, yellowish cream pleasantly perfumed product used for hair shampoo.
- **SOILEX MINI GUEST SOAP** - Available in white and perfumed, packed in 144x25gms.
