

First Guard

First Guard is our modular, multi-purpose flooring tile product. It is frequently installed as an outdoor matting system but it can also be fitted in mat wells or applied to a variety of other industrial or commercial tasks. First Guard can be surface mounted by using our unique edging system. An optional border is also available for those desiring it. It's great for all seasons and is easy to maintain through periodic washing with a hose or pressure washer. Ideally used as a primary scrub mat, First Guard is your first defense against floor pollution.

Features:

- Molded from a durable, UV resistant PVC compound.
- Modular design allows quick replacement of worn out tiles.
- Overlapping heel-safe parallel circle design incorporates resilient scrapers making it highly effective at trapping dirt and debris.
- Flow-through parallel circle structure, combined with the unrestricted water drainage.
- Designed for medium to heavy foot traffic and is intended for areas that require additional drainage capability.

Applications:

- Best suited as your primary defense outside of public buildings, shopping malls, entertainment venues, etc.
- It is an excellent outdoor mat solution where a durable and lightweight mat is required.

Product Specs - First Guard*

Black

- First Guard tile material: UV resistant PVC
