

## Mat 3000

Mat 3000 is our quality ribbed mat that is available in either piece or roll formats and with or without a border. It can be used for all seasons and can be maintained through regular vacuuming and periodic washing with a hose or carpet extractor. Ideally used as a runner, Mat 3000 is your economic alternative for basic floor protection.

### Features:

- The sturdy triple ribbed design scrapes and traps soil within the recessed grooves while the leak-proof PVC backing protects the floor underneath.
- Mat 3000 is designed for medium to heavy foot traffic and is intended for areas that require additional moisture retention.

Mat 3000 Profile  
without border

### Applications:

- Best suited for defining pathways and walkways in public buildings, shopping malls, schools, hospitals, entertainment venues, manufacturing plants, commercial kitchens, washrooms, etc.
- It is an excellent indoor mat solution where a durable and economical mat is needed.
